# Air Traffic Controller in St. Gallen-Altenrhein

Come and join our international team at St. Gallen-Altenrhein airport. Our control tower is located directly at Lake Constance in the three-country triangle of Switzerland, Germany and Austria.

St. Gallen-Altenrhein offers a varied and challenging mix of traffic, from gliders to Airliners and historic aircraft. During the World Economic Forum, we are responsible for up to 140 business jets a day.

We look forward to welcoming you soon. Do not hesitate to contact us for more information.
