Update draft flight plan

3 Evaluate flight plan

iOS/Android

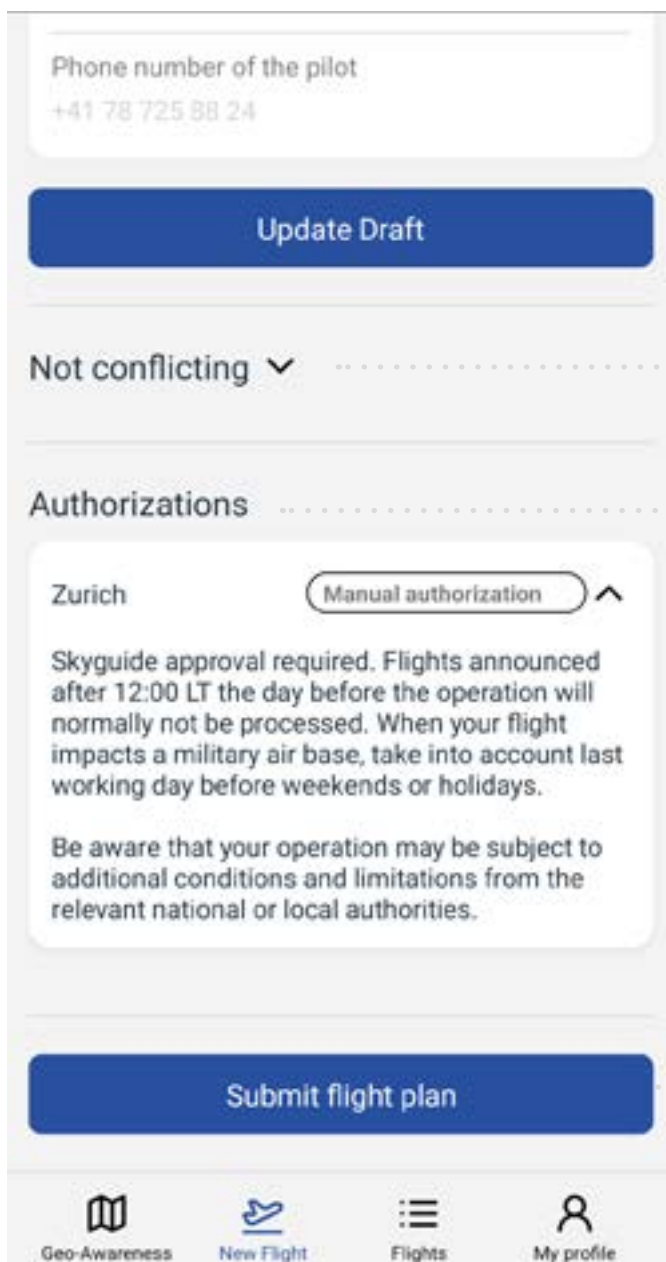

The screenshot displays the 'Flight Context' section of the skyguide app. At the top, there is a progress indicator and a toggle for 'UAS' and 'TEST'. The 'Flight Context' section includes several input fields and a slider:

- Mass of the drone (incl. payload)***: A slider set to 1 kg. A dotted line points to this slider with the label 'Drone mass'.
- Address of the operation***: A text field containing 'Niederhasli'. A dotted line points to this field with the label 'Applicant details'.
- Company name***: A text field containing 'Test SA'.
- Address for the applicant or company***: A text field containing 'Route de Pré Bois 17, 1215 Genève'.
- Email of the pilot**: A text field containing 'ugwy.operator@skyguide.ch'. A dotted line points to this field with the label 'Profile details from your account'.
- First name of the pilot**: A text field containing 'UGWY'.
- Last name of the pilot**: A text field containing 'OPERATOR'.
- Phone number of the pilot**: An empty text field.

At the bottom, there is a navigation bar with four icons: 'Geo-Awareness', 'New Flight', 'Flights', and 'My profile'.
